Managing a property can feel like a full-time job, but it doesn't have to

Our property management team is here to help. They'll whisk away all the fiddly and time-consuming admin. A bathroom light bulb goes pop on a Sunday evening. It's dealt with — and not by you. And if there's an emergency they'll be all over it, fast. They are diligent, experienced and great to have on your side.

When a property is well-managed, tenancies last longer. Corporate tenants love the ease and efficiency of managed properties. Vacant periods shrink. The return on your investment goes up.

Our property management team is professional, rigorous and flexible. Exactly the people you want looking after your most valuable asset. You'll have your own dedicated Property Manager who can tailor the service to your specific needs.

Whether you have one property or a large investment portfolio our experienced team of Property Managers will work tirelessly — relentlessly even — to make sure your property and tenants are looked after brilliantly well.

And even if you're not letting your property with us, you can still sign up to our property management service.

Senior Property Manager Will Hodge is always first on the scene when one of his landlords need him.
